## PROFESSIONAL CAULK GUNS

Red Devil's® line of caulk guns are the ideal solution to your caulking needs. These professional quality guns are engineered to be durable, comfortable and affordable. Easily dispense caulks, sealants, adhesives glazing or any other cartridge product to efficiently complete any job.

### 13" EXTREME DUTY CAULK GUN 3939

This professional-grade caulking gun with 20:1 thrust ratio is the ultimate caulk gun for applying acrylic, silicone and polyurethane. Engineered for a smooth and precise delivery, this caulk gun makes the thickest caulks and adhesives easy to apply. The rotating barrel allows for effortless maneuvering in tight, hard to reach areas, and easy cartridge removal and installation. It is compatible with 28 oz. cartridges.

- 20:1 Thrust Ratio
- Drip-Free™ Technology
- Quick-Release Lever
- Seal Puncture Tool
- Ladder Hook
- Heavy-Duty

### 9" EXTREME DUTY CAULK GUN 3989

This caulk gun has a 26:1 thrust ratio applicator with 950 pounds of force! It is especially designed for high viscosity materials that are hard to extrude, like hybrid adhesives and epoxies.

- 26:1 Thrust Ratio
- Drip-Free™ Technology
- Revolving, Easy-Load Barrel
- Ergonomic Rubber Trigger
- Quick-Release Lever
- Seal Puncture Tool
- Ladder Hook

### 9" REVOLVING BARREL 3988

This revolving barrel caulk gun has a 10:1 thrust ratio, easy-load barrel and a heavy-duty design with a lightweight feel. It is ideal for medium to heavy applications and its 1/10 gallon barrel holds most standard cartridges.

- 10:1 Thrust Ratio
- Drip-Free™ Technology
- Alloy Handle
- Smooth Piston Rod
- Seal Puncture Tool
- Ladder Hook

### 9" HALF-BARREL DRIP-FREE™ CAULK GUN 3936

Whether used for a sealant project at home or on the job site, this caulk gun offers smooth action, precise application, 8:1 thrust ratio and ease of use. The Drip Free™ technology allows for efficient project completion with no mess or lost material. It is compatible with standard size caulk or adhesive cartridges.

- 8:1 Thrust Ratio
- Drip-Free™ Technology
- Spout Cutter
- Seal Puncture Tool
- Ladder Hook

### 9" HALF-BARREL CAULK GUN 3985

This caulk gun has a 7:1 thrust ratio and is ideal for light to medium applications. Its 1/10 gallon barrel holds most standard cartridges.

- 7:1 Thrust Ratio
- Seal Puncture Tool
- Spout Cutter
- Push-Release Lever
- Seal Puncture Tool

## PROFESSIONAL CAULK GUNS CONTINUED

### 13" RATCHET CAULK GUN 3937

This contractor grade, heavy-duty, steel caulking gun has a 6:1 thrust ratio and is designed for professional use. Its ratchet technology is manufactured for maximum grip, strength, and durability resulting in premium bead consistency and control. It is suitable for use with most caulks and sealants and compatible with 28 oz. cartridges.

- 6:1 Thrust Ratio
- Steel Construction
- Fingerguard
- Safety Strap
- Spout Cutter
- Seal Puncture Tool
- Ladder Hook

### 13" SKELETON CAULK GUN 3987

This extra-large, heavy-duty caulking gun has a 10:1 thrust ratio and lays flat for space-saving. It is ideal for medium to heavy applications and fits quart-sized cartridges.

- 26:1 Thrust Ratio
- Drip-Free™ Technology
- Revolving, Easy-Load Barrel
- Ergonomic Rubber Trigger
- Quick-Release Lever
- Seal Puncture Tool
- Ladder Hook

### 9" NO-D RIP SKELETON CAULK GUN 3984

This professional-quality skeleton caulking gun has a 10:1 thrust ratio & lays flat for space-saving. It is ideal for medium to heavy applications and its 1/10 gallon barrel holds most standard cartridges.

- 10:1 Thrust Ratio
- Drip-Free™ Technology
- Spout Cutter
- Seal Puncture Tool
- Ladder Hook

### 9" SKELETON CAULK GUN 3986

This skeleton caulking gun has a 10:1 thrust ratio and lays flat for space-saving. It is ideal for light to medium applications and its 1/10 gallon barrel holds most standard cartridges.

- 10:1 Thrust Ratio
- Heavy-Duty Uni-Rail Construction
- Hex Piston Rod
- Push-Release Lever

### 9" COMPOSITE DRIP-FREE™ 3935

This caulking gun has a 10:1 thrust ratio and is designed with a reinforced rotating barrel that allows for ease of use and maximum control in hard-to-reach areas for an even, consistent application. The Drip-Free™ technology stops caulk from flowing, preventing product loss. It is compatible with standard size caulk or adhesive cartridges.

- 10:1 Thrust Ratio
- Drip-Free™ Technology
- Smooth Hex Rod
- Rotating Barrel
- Fingerguard
- Seal Puncture Tool
- Sprout Cutter
- Ladder Hook
