Kills germs on both skin & surfaces.

KILLS 99.9% OF GERMS

Protection you can depend on.

FINE SPRAY MIST

Sanitizes hands, objects & hard to reach areas in seconds.

Active Ingredients: Isopropyl Alcohol 75% v/v

KN95 MASK FEATURES

FIVE-LAYER PROTECTION

1st Layer:

A durable nonwoven water blocking layer.

2nd Layer:

A particle blockage and filtration PP cotton layer.

3rd Layer:

A melt-blown fabric layer that isolates bacteria and viruses.

4th Layer:

A heat-sealed PTFE fabric layer that is highly heat-resistant, filters out fine dust and is charged electrostatically to trap particles.

5th Layer:

A non-woven fabric layer that absorbs moisture from the mouth and nose hence to keep the area dry and also helps reduce glasses fogging.
