## WATER-BASED INSULATION ADHESIVE

Water-Based Insulation Adhesive is a professional strength adhesive engineered for gun spray, spray coil line, brush and roller applications. It is formulated to erase clogging within the adhesive delivery system, which allows for consistent operation. This multi-application adhesive provides excellent bond strength in an easy to clean up, cost-effective low viscosity product.

- Strong Bond Strength
- Formulated for Gun Spray, Spray Coil Line, Brush and Roller
- Meets SMACNA Requirements
- UL723/ASTM E84 - Tested/Passed
- LEED Compliant
- Water Based
- Contains No Solvents
- Non-flammable
