

Red Devil

RED DEVIL INDUSTRIAL **BUTYL RUBBER SEALANT** ARCHITECTURAL GRADE

RDI® Architectural Grade Butyl Sealant is a high performance sealant that is ideal for below grade applications and outdoor jobs requiring a durable, watertight seal. Specifically made for use on metal buildings, aluminum gutters, downspouts and metal windows and doors, it is immediately water resistant and offers excellent adhesion and flexibility. This product is appropriate for use in federally inspected meat and poultry plants.

FEATURES:

- Remains Flexible
- Will Not Crack, Shrink, or Peel
- No priming required on porous surfaces.
- Excellent adhesion
- Water resistant
- Interior/exterior
- Paintable

USES:

Window/door frames, Aluminum Gutters, Skylights, Below-Grade Areas, Shingles, Marine Applications (above water line), Leaders & Siding, Foundations, Chimneys/roofs
