Red Devil® HVAC Sealant Solutions Earn Top 25 Product Recognition from *Retrofit Magazine*

Tulsa, Oklahoma -- Red Devil®, a leading manufacturer of caulks, sealants and painter's tools will be included in *retrofit* Magazine's Top 25 Products special for its HVAC sealing solutions D-Seal® Water-Based Duct Sealant and F-Seal® Water-Based 181 Duct Sealant. The ninth-annual Top 25 Products, which will appear in *retrofit's* January-February 2022 issue, celebrates the products that received the most reader clicks from September 2020 through September 2021. Chosen from more than 700 products posted to the magazine's website, the Top 25 products are noted as true stand-outs.

"We consider *retrofit* as a source for our readers to find innovative solutions and products for their own retrofit projects," says Publisher John Riester. "The Top 25 Products January-February special issue reveals the products chosen by the industry as the most interesting within the pages of *retrofit* and on our website."

Designed for use in combination with metal fasteners, Red Devil's D-Seal offers a solution for commercial HVAC installations and repairs. D-Seal is a smooth, water-based duct sealant offering superior adhesion for sealing metal and flexible ducts, vents, air conditioners and other interior and exterior HVAC appliances. Featuring innovative fiber reinforcement for enhanced sealing strength and workability, F-Seal 181 is ideal for interior and exterior residential ductwork, F-Seal is specially formulated for sealing both fiberboard and flexible ducts. Like D-Seal, F-Seal 181 also features a fast dry time, mold and mildew resistance (when cured) and exceeds all SMACNA Pressure and Sealing Classes.

Red Devil provides tools and chemical products for professionals and do-it-yourselfers including painters'/drywall tools, putty knives, wall scrapers, taping knives, adhesive spreaders, utility knives, acrylic latex/silicone sealants, foam sealant, spackling/glazing compounds, and adhesives.
