POLYURETHANE BLACKTOP & ROOF

Blacktop & Roof Polyurethane Sealant is a premium grade, high performance sealant designed to meet the flexibility requirements of dynamically moving joints. Once cured, it remains permanently flexible and provides a long-lasting seal with extraordinary adhesion. Because of its strong resistance to deterioration, it has an extended life expectancy of up to 50 years and helps to prevent ice and water damage caused by severe weather. These high performance features, coupled with outstanding performance on interior/exterior, horizontal or vertical surfaces, make it an ideal choice for industrial, commercial or household use.
