**LIGHTWEIGHT SPACKLING**

ONETIME® Lightweight Spackling makes repairing walls and ceilings fast and easy! It fills cracks, dents, nailheads and other holes in just a single application. This pre-mixed formula goes on smoothly, dries quickly and can be used indoors or outdoors. It won't shrink, sag or crack after being applied, and because it's so lightweight, sanding is optional. Try ONETIME® and you'll see why it's the professionals' #1 choice in lightweight spackling!
