

# Red Devil

## Stainless Steel Wire Brushes

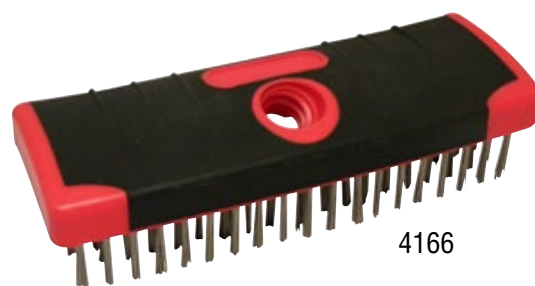

Red Devil introduces a new line of stainless steel wire brushes. The wire brushes can be used to remove paint, grime and scale and are most appropriate for work on steel and iron workpieces, but may also be used on wood, aluminum, brass and copper. They each have a comfortable handle grip and are safe for use with solvents.

### FEATURES:

- Easy grip handle
- Durable for tough jobs
- Great for use on masonry & steel surfaces
- Use to remove rust and corrosion

### USE ON:

- Wood
- Wrought Iron
- Copper
- Brass
- Concrete
