FIRE STOP Intumescent Sealant

Fire Stop LC150RD Intumescent Sealant is a versatile product intended for firestopping a wide array of applications in small commercial or grouped residential construction or other structures with similar applications. It is fully tested to ASTM E814 (UL1479) and meets Class A finish requirements for Flame Spread and Smoke Development when tested in accordance with ASTM E84 (UL723). LC150RD provides up to a 2-hour fire rating for typical service penetrations through concrete or wood floors, concrete or masonry walls, as well as gypsum board walls. It is also acoustically tested, demonstrating excellent sound attenuation properties.

FEATURES:

- Paintable at full cure
- Mild latex odor
- Expands up to 10x original size
- No shrinkage in most applications
- Water clean up
- Solvent free
- Excellent adhesion

TESTED & CLASSIFIED FOR FIRE RESISTANCE:

- Metallic pipes - Steel, iron or copper pipe & tubing
- Non-metallic pipes, conduits & tubing
- Electrical & electronic cabling
- Metal ductwork
- Complete wood floor firestopping package for electrical, plumbing, HVAC, telephone & television
