

Red Devil

FOAM & FILL® EXPANDING POLYURETHANE FOAM

Red Devil Foam & Fill® Expanding Polyurethane Foam Sealant expands to fill holes, cracks, gaps and voids around windows, doors, pipes, outlets, vents and foundations. This insulating foam forms an airtight, waterproof bond that seals out drafts, moisture and pests. Use Large Gaps & Cracks Expanding Foam for areas that need more expansion, while Small Gaps & Cracks Expanding Foam is perfect for smaller areas around windows and doorsills. Both products help to prevent drafts that sap heating in the winter or allow cool air to escape in the summer. Once cured, the foam can be sanded, painted or stained. It contains no CFCs, so it is safe for the environment.

FEATURES:

- Fills holes, gaps and cracks
- Quick & easy to use
- Insulates and prevents drafts
- Saves energy
- Seals out insects and pests
- Interior/exterior

USES:

- Window and door frames
- Air & heating vents
- Electrical outlets
- Pipes & plumbing
- Foundations fixtures
- Exterior walls
